

GOVERNMENT OF NAGALAND
DEPARTMENT OF
**INFORMATION TECHNOLOGY
& COMMUNICATION**

ANNUAL ADMINISTRATIVE REPORT 2021- 22

Demand No – 81

DEPARTMENT OF INFORMATION TECHNOLOGY & COMMUNICATION

In recent times, the Department of Information Technology & Communication (IT&C) has been playing an important role to transform the State of Nagaland into a modern State. The emergence of the COVID-19 Pandemic which has affected almost all countries and more than 50 million people around the world and has had governments at all levels operating in a context of radical uncertainty, faced with difficult trade-offs given the health, economic and social challenges it raises.

The Department of Information Technology & Communication is fully aware that during this crisis there is a need to bring quick change in governance and all other spheres of life and has adopted E-governance which is a unification of Information and Communication Technology (ICT) in all relevant operations to augment the potential of the government to satisfy the requirements of its citizens.

The Department is now bringing the latest state of art technology to take the State of Nagaland to the next level through adoption of e-Governance and latest ICT based technologies and to this end, sincere efforts have been made to improve electronic public service delivery to citizens in a transparent, efficient and cost-effective manner.

The world is now looking up to India to drive the global economic growth and towards this end, the Department of IT&C is working on the theme, **“Towards promotion of International Trade through Information Technology”**.

The Department of IT&C performs the function of the Secretariat for the IT Council and the State Level Coordination Committee for IT applications and the following are the executive business and duties:

- Formulating State IT Policy.
- Planning & Coordination of IT related programmes and projects.
- Technical support to Government Departments for IT enabled services.
- Research & Development of new technologies and prescribe uniform standards.

- Pro-active promotion of Citizen Centric services
- Capacity Building and organizing of IT events.
- Planning, providing Internet access, Network security, Bandwidth management etc.
- Implementation of core infrastructure projects under the National e-Governance Plan (NeGP)
- E-governance initiatives.
- Co-ordinating e-Procurement and Tendering activities.

The Nagaland State e-Governance Society (NSeGS) is functioning under the Department IT&C and it is the designated nodal agency for implementation of National e-Governance Plan (NeGP) and Digital India initiatives. The core infrastructure projects under the National e-Governance Plan (NeGP) / Digital India consists of the State Data Centre, State Wide Area Network, State Portal & State Services Delivery Gateway, Capacity Building and Common Service Centre and the basic core infrastructures are now ready for full-fledged e-Governance activities to take off. The Department of IT&C is also facilitating various Departments in implementation of their respective electronic service-related Mission Mode Projects.

Core IT Activities and Projects

1. State Wide Area Network (SWAN) & GSTN

The Nagaland State Wide Area Network is the backbone network for data, voice and internet in the State and continues to provide connectivity with data, voice and video communications in the State. The NagaSWAN had also provided constant network during the pandemic ensuring Video Conferencing, Communications and Internet were available to the State Government at all times.

The NagaSWAN also continues to provide connectivity for Goods and Services Taxes Network (GSTN) in the State by providing connectivity from Nagaland State Wide Area (SWAN) Point of Presence (PoP) at the District Head Quarter to all Taxes offices at the districts, with the Network Operating Centre at NagaSWAN SHQ Kohima.

2. The Nagaland State Data Centre (NSDC)

The Nagaland State Data Centre (NSDC) which is one of the most critical core technical infrastructure which the Department of IT&C has been managing by itself without engaging the support of other Data Centre Operators (DCOs). It is providing various consolidated services such as hosting applications and infrastructure to facilitate provisioning of efficient electronic service delivery of Government to Government (G2G), Government to Citizen (G2C), Government to Business (G2B) services etc.

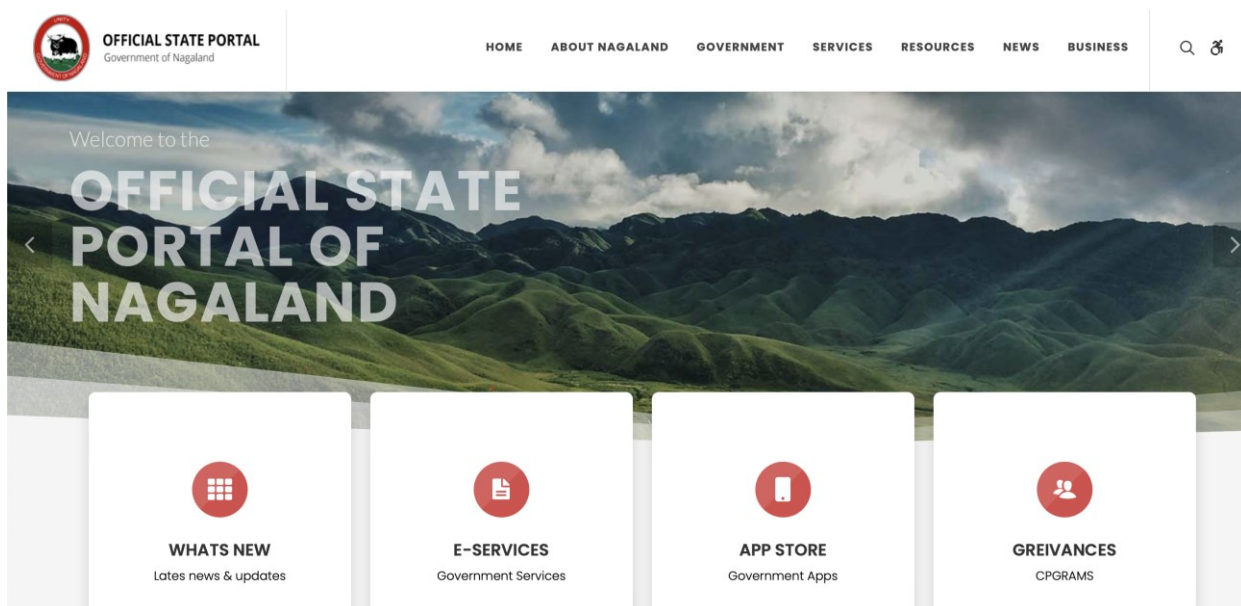

The NSDC which was upgraded to cater to the requirements of the State Government has acted as a secure, reliable and homegrown Data Centre for all of the Government's Digital Services, Websites and applications. Presently, NSDC is hosting 130 (One hundred and Thirty) Government websites and applications including Mobile Applications providing information and e-Governance related services to the citizens.

3. State Portal & State Services Delivery Gateway

The Nagaland State Portal acts as the Single Window for information to various Government data like Notifications, Circulars, Press Releases, Tenders and other pertinent information of the State. The Nagaland State Portal and State Services Delivery Gateway (SP&SSDG) was inaugurated in the year 2011 and is accessible at www.nagaland.gov.in.

The Department of IT&C has now completely upgraded the Nagaland State Portal using the latest state-of-art technologies in Web Applications, compliant with the WCAG 2.0 Guidelines for Web Accessibility, Web Security and is now completely mobile ready. The Department has also undertaken the process of completely revamping the Nagaland State Portal by doing its own in-house Software Development and adding new features as per the requirement of the State and is also now downloadable as a Mobile App.

The State Portal also provides ease of access to various online Government services for the Citizens and also facilitates the publishing of e-Gazettes and various utility forms for the Government officials and employees.

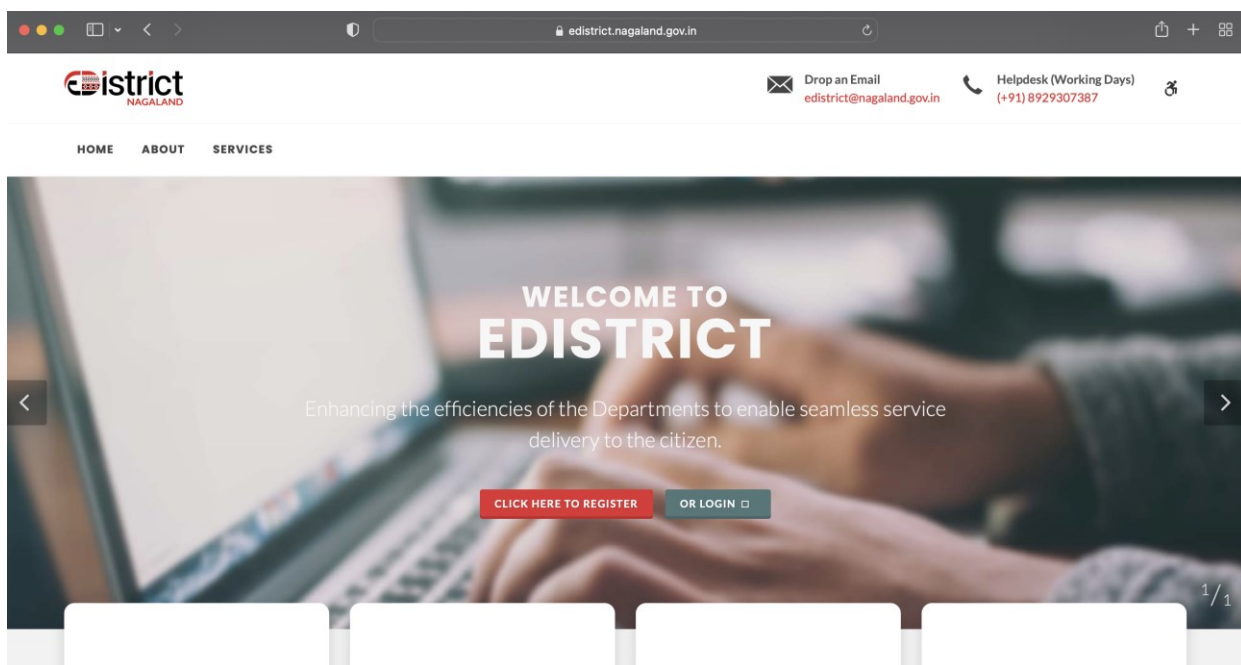

The Official State Portal of Nagaland accessible at <https://nagaland.gov.in>

4. eDistrict MMP

The eDistrict MMP aims to create an online platform to computerize the workflows of the end User Departments making the process of application and delivery of service transparent and efficient. The eDistrict Application has recently undergone a rigorous Software Testing and Security Audit by the Software Testing and Quality Control (STQC) Center, Government of India and has been found to be robust, secure and a scalable Software Application.

This platform provides 30 (Thirty) high demand e-Services from various Government Departments. The e-District Nagaland Online System had enabled the Nagaland Public Service Commission (NPSC) to introduced its One Time Registration (OTR) e-Service for all intending Civil Service Candidates which has been a grand success and is being actively used by the NPSC for conducting their Examinations and during 2021-22 a total of 16,527 (Sixteen Thousand Five Hundred Twenty Seven) Applications have been processed successfully.

The Nagaland e-District Portal accessible at <https://edistrict.nagaland.gov.in>

5. Common Service Centre (CSC)

The Common Service Centre's (CSCs) are the end delivery/access points for citizens of the State to avail electronic services. Common Service Center (CSC) have been providing services to the citizens both in the urban and rural areas in the State. Some of the activities during 2021-2022 are mentioned below.

i. Digipay

The aadhaar enabled payments system Digipay has been a boon for the citizens, specially in the rural areas during the lockdown period as it facilitates the withdrawal of government entitlements like MGNREGA, social security pension, Handicapped and Old age pension etc. This system is based on demographic and biometric/iris information of an individual, which eliminates the risk of any frauds and non-genuine transactions. CSC VLEs of Nagaland have been tirelessly providing the Digipay services to the citizens of Nagaland in their respective areas and as a testimony some of them have been among the top performing VLEs in the number of Digipay transactions in the country.

Highlights of Digipay services during 2021-22: -

- Total number of VLEs providing Digipay services – 331 (Three Hundred Thirty One).
- Total number of Digipay transactions – 8279 (Eight Thousand Two Hundred Seventy Nine).

CSC Digipay Sakhi (SHG), Inaholi Yeptho, Kiyezu A village, Dimapur Nagaland

ii. Digipay micro-ATM (MATM)

CSCs across the country now act as a micro-ATM, which could be used by people with debit cards to withdraw cash from their nearest CSC center. This crucial service has enabled the citizens specially in far flung locations to withdraw money from any CSC center without the need to travel to towns or visit their bank branch. During the month of July and August 2021, two VLEs from Nagaland Mr. Putchong and Mr. N. Wanmai were placed in the Top 5 performing VLEs in Digipay mATM services pan India. Nagaland also achieved 20361 nos mATM transactions during 2021-22.

VLEs Mr. Putchong and Mr. N. Wanmai in top 3 and top 4 for the month of July 2021

VLEs Mr. N. Wanmai and Mr. N. Putchong in top 1 and top 4 for the month of August 2021

iii. E-Shram

The Ministry of Labour & Employment developed and launched E-Shram portal for creating National database of 38 crore unorganized workers such as construction workers, migrant workers, street vendors, domestic workers, agriculture workers for optimum realization of their employability and extend the benefits of the social scheme to them. A 12-digit card will be provided to all the registered workers which will be valid across the country. Through CSCs in Nagaland, a total of 58,742 (Fifty Eight Thousand Seven Hundred Forty Two) unorganised workers has been registered in the state till date.

Registration drive of unorganized workers under e-Shram scheme in Tsukhao village, Noklak district

iv. Grameen E-Store

Grameen E-Store was started during the lockdown period to enable the citizens, both rural and urban, to meet their essential requirement of ration, fruits and vegetables. The citizens can place the order through an App using their mobile phone and get the goods delivered to his/her home by the CSC. CSC VLE, however, procures the goods locally and delivers them. This initiative will fulfill the vision of “Gram Swaraj” and create lot of local employment.

Highlights of Grameen E-store in Nagaland during 2021-22

- Number of E-store orders – 18,684 (Eighteen Thousand Six Hundred Eighty Four).
- VLEs can also become distributors of various companies like Unibic, Cello, Whirlpool, Bajaj electric etc. Currently there are 17 (Seventeen) CSC E-store distributors in Nagaland.
- Through the E-store customers can also book Tata and Renault cars in Nagaland. Number of cars book till data in Nagaland through E-store – 4 (Four).

Shri. Mmhonlumo Kikon, Hon'ble Advistor, IT&C, Science & Technology and NRE speaking during the Inauguration of Tseminyu District HQ.

8. Inauguration of Software Technology Park of India (STPI), Kohima

Nagaland's first and India's 61st Software Technology Park of India (STPI) centre was opened on 17th September 2021, in Kohima. The Center was inaugurated by Shri. Rajeev

Chandrashekhar, Hon'ble Union Minister of State for Skill Development & Entrepreneurship, Electronics and IT in the presence of Shri. Mmhonlumo Kikon, Hon'ble Advisor, IT&C, Science & Technology, NRE, Government of Nagaland.

Shri. K.D Vizo, Principal Secretary, IT&C, informed that in 2015, the Director General of STPI, during the e-Naga Summit had signed a Memorandum of Understanding to set up the Software Technology Park of India at Kohima, Nagaland.

The Union Minister Shri. Rajeev Chandrashekhar, while speaking on the occasion said that the inauguration of STPI in Nagaland was a part of the fulfillment of PM Modi's vision of creating a technology ecosystem in the Northeast by creating opportunities for the future generations of the region.

Shri. Mmhonlumo Kikon, Hon'ble Advisor of IT&C, NRE, Science & Technology, said that the new STPI centre would determine the future of Nagaland and necessary infrastructure for those who want to begin their start-up has been set up while encouraging innovators to make use of the opportunity.

Shri. Rajeev Chandrashekhar, Hon'ble Union Minister of State and Shri. Mmhonlumo Kikon, Hon'ble Advisor, IT&C inaugurating STPI in Kohima

9. Digitization of P&AR records

The Department of Information Technology & Communication had undertaken the digitization of important historical and administrative records of the P&AR Department. This project enabled the creation of a digital database of 1,64,106 (One Lakh Sixty Four Thousand One Hundred and Six) pages and maps belonging to the Government of Nagaland.

Data Digitization for P&AR in progress

10. Launching of Nagaland Online ILP Portal for all categories

Shri. Neiphiu Rio, Hon'ble Chief Minister, Nagaland, launched the Inner Line Permit (ILP) portal for all categories of applicants on 17th December 2021. While the online issuance of ILPs for tourists was made operational in November 2019 the new modules will cover other categories such as businessmen, traders, labourers, priests, and students and it is a part of the government's effort for making public services available in a more efficient and user-friendly manner. A total of 11,776 (Eleven Thousand Seven Hundred Seventy Six) online ILP applications have been processed to date.

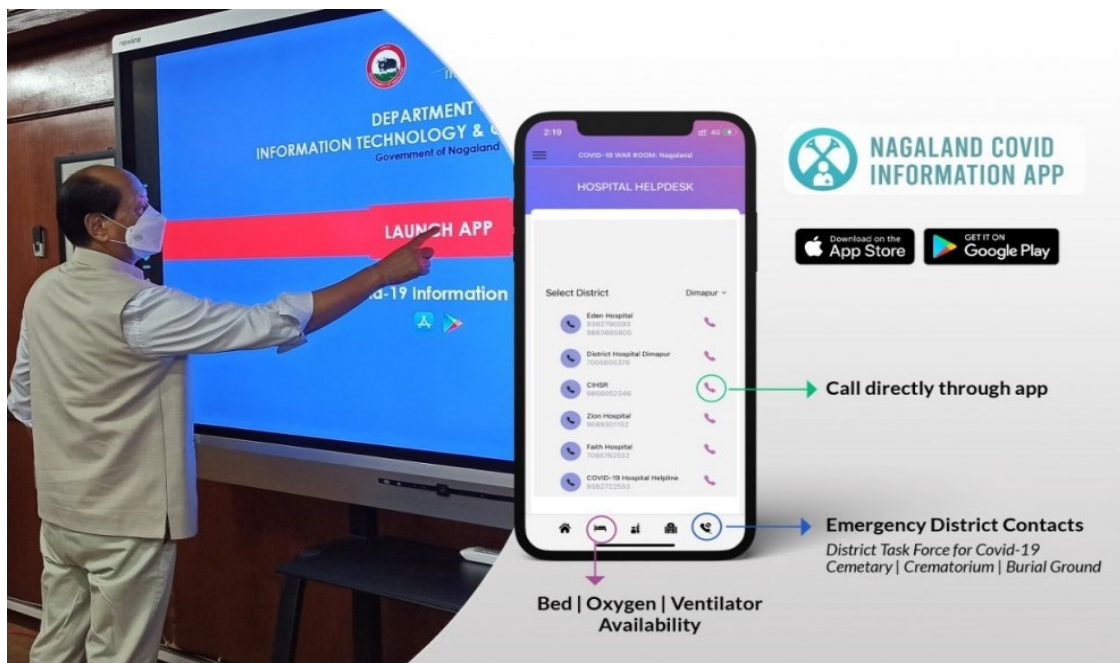

Launch of Nagaland Online ILP Portal for all categories of ILP Applications

11. Launching of Nagaland Covid-19 Information App

Shri. Neiphiu Rio, Hon'ble Chief Minister, Nagaland, launched the 'Nagaland COVID-19 Information App' on June 10, 2021 at the State 'COVID-19 War Room,' Civil Secretariat, Kohima.

The app, developed and maintained by the Department of Information Technology & Communication (DITC), Nagaland is aimed at providing information related to the ongoing COVID-19 pandemic in the State. Among others, the app is designed to serve data such as case status, availability of various types of beds, Emergency Contact Numbers at district and state level, hospital help desks, vaccination and testing sites, self-declaration form, FAQs and so on. The app is also directly linked to the Nagaland COVID-19 War Room dashboard.

Shri. Neiphiu Rio, Hon'ble Chief Minister, launching Covid-19 Information App

Shri. Neiphiu Rio, Hon'ble Chief Minister, along with Officers of the Department of Information Technology & Communication at the launch of the Covid-19 Information App

12. Security Audit for websites

In the age of Cyber threats and disruptions, the Department of Information Technology & Communication has undertaken the Security Audit of all Government Websites & Applications hosted in the State Data Center (NSDC) to ensure continuity of Government Policy and information flow to citizens. To this end all Departments have been trained on best practices for ensuring online security.

Training of Departments on Security Audit underway in the Directorate of Information Technology & Communication

13. Survey on Assessment & Analysis of IT eReadiness for implementation of Enterprise Architecture

The Department of Information Technology & Communication is of the view to setup Enterprise Architecture for the Government of Nagaland which would enable the Government to be digitally enabled and to create a digital workflow for all Government Process. To this end, the Department of IT&C had conducted a survey covering 68 (sixty eight) Government Departments to Assess & Analyze their IT e-Readiness for implementation of Enterprise Architecture and the coverage is as follows:-

No. of Departments / Agencies Covered	- 68 (Sixty Eight)
No. of Departments / Agencies Completed	- 63 (Sixty Three)

Survey Analysis B: Process Dimension

Q1. Describe where the IT section fits in the Department's overall organization structure?

Q2. Document below any issues, which are currently of importance to the IT section or will be in the coming year and beyond (e.g. eBusiness, capacity planning, new services, changes in systems, training requirement etc.). Indicate if any third parties are assisting you with any projects.
